

Orange Apple Juice Drink

In this drink OHLY® SAV-R-SWEET masks the bitter and liquorice off-taste of the Stevia sweetener (Reb A 80) and reduces the unpleasant, lingering aftertaste (“long lasting”). At the same time, SAV-R-SWEET restores the fruity character of the drink.

Ingredients	Control (%)	plus SAV-R-SWEET (%)	Preparation
Water, still	78,76	78,76	Mix together the water and juices. Then add the remaining ingredients and stir.
Orange juice, mild	10,00	10,00	
Apple juice, mild	10,00	10,00
